

Do it for
You!

or for someone special

Turn the memory of your special day into an heirloom with the wedding gown service you can trust--guaranteed! Our Certified Wedding Gown Specialists™ handclean and treat every gown with an anti-sugar process to remove latent stains. Then you can inspect your gown personally before it is carefully layered with acid-free tissue and folded into an acid-free, museum-quality wedding chest that protects your gown from exposure to light and air. When your gown is to be used again, return it to any one of our Specialists in more than 500 cities around the world, and it will be inspected and pressed at no charge.

We offer **brides**
the **care and expertise**
that they can trust.

Not only has Browns Cleaners been treating special garments for over 50 years, but we are the only Certified Wedding Gown Specialist in Eastern Ontario.

Our patented cleaning solutions and meticulous hand-finishing care assure perfect results. Never worry about delicate beads, sequins and lace with our exclusive Green Earth Cleaning.

You can rely on our skilled professionals to help keep your wedding beautiful - satisfaction is 100% guaranteed!

Visit brownscleaners.ca and reward yourself with a special 20% discount for any of our professional bridal services.

View our online videos about our unique Wedding Gown Restoration & Preservation services and you'll see why Browns is the Bride's Choice!

...because you want your
wedding day to last forever!™

Restore your family gown to the true color...

If the wedding gown of your dreams is a family gown that time has yellowed and stained, call us! We specialize in restoring vintage gowns to the true color without damage to delicate fabrics or dyes, and our process removes stains and discoloration that ordinary dry cleaners cannot. You can enjoy the wonderful feeling of using a family heirloom - a family wedding gown or one of the special dresses you or someone in your family wore as a child. Call today for a free consultation because the perfect gown for you may be the one in your attic!

Ensure your gown's lasting beauty and help safeguard our planet's beauty, too

Members of the Association of Wedding Gown Specialists are trained to use the safest, most effective museum-quality methods ever developed for cleaning, restoration, and preservation of fine fabrics including gowns, linens, quilts, doll clothes, and uniforms. We also partner with Carbonfund.org to help protect the environment. More than seventy designers recommend our trademarked MuseumCare™ ZeroCarbon™ gown care. Plus our award-winning service has been Endorsed by the Association of Bridal Consultants and by Green Bride Guide. You can trust our Certified Wedding Gown Specialists™ to give your special gown the individual care and attention it deserves.
